"We have purchased evergreen trees from John 3 years in a row. The ones planted the first year are now upwards to 12' tall. Out of the 60 trees we have purchased, we have lost only 6. We have been pleased with the quality, and you can't be the price."

John,

Here is the quote that I promised you for your advertising purposes. I hope it helps. Again, my husband and myself do not agree to be quoted by name, have our address given out or phone number for people to call us. We enjoy our privacy and lead busy lives. I have included some photos for you use though.

I'll send you an order next month for trees we would like to order this year.

With regards,

Pam
